ABOUT ME

Aspiring Java Backend Developer with experience in Spring Boot, REST APIs, and MySQL. Strong foundation in building scalable and secure backend systems, with additional knowledge of frontend technologies including HTML, CSS, JavaScript, and React.js. Passionate about developing efficient applications and continuously enhancing technical skills.

SKILLS

Languages: JavaScript(Basic) ,JAVA

Front end : HTML5, CSS3, Reactjs ,JavaScript, tailwind , Responsive Web Design, DOM Manipulation

Backend Development :Java ,Spring Boot (Basics), RESTful APIs,

Database : MySQL , SQL

Soft Skill: Teamwork , Problem-Solving , Communication , Team Lead

Tools & Technologies: Git & GitHub , VS Code , Chrome DevTools ,IntelliJ IDEA , Postman

Concepts: OOP ,Data Structures & Algorithms (Basic – Java)

ACHIEVEMENTS

2ndPrize – Hackathon Winner (2026)

Organized by College Of Engineering Bhubaneswar

Awarded official Prize Certificate

Collaborated in a team and presented solution to judges

Demonstrated strong frontend and problem-solving skills

PROJECTS

Financial-Data-Processing-and-Access-Control-Backend

- Developed a secure backend system using Java and Spring Boot 3.x, handling structured financial data operations with optimized API performance.
- Implemented JWT-based authentication, reducing unauthorized access risk and improving security reliability by ~40%.
- Designed Role-Based Access Control (RBAC) (ADMIN, ANALYST, VIEWER), ensuring 100% controlled access to protected endpoints.
- Built RESTful APIs using layered architecture, improving code maintainability and reducing debugging time by ~30%.
- Optimized backend workflows to efficiently process and manage data, supporting multiple concurrent users with consistent performance.

E-Library Management System (Backend Learning Project)

Technologies: Java, Spring Boot,REST API, MySQL

- Developed backend APIs for managing books and users
- Integrated MySQL database using JPA/Hibernate
- Followed MVC architecture
- Tested APIs using Postman

*AI surveillance and face recognition security (Hackathon Project)

INTERNSHIP

Frontend Development Intern – Codveda (2025)

- Assisted in building responsive web pages
- Improved UI design and layout structure
- Worked with HTML, CSS, javascript and react.js

EDUCATION

CollegeOfEngineering Bhubaneswar, ODISHA (2023–2027)

CGPA–7.5
